

MOBICOP QUICK SET-UP

Software must be installed and registered in the same country where the Scratch Card was purchased.

1. Install

- Via Bluetooth
- Via PC
- Via GPRS

Software can be copied from your Mobicop Premium Pack Welcome Kit or at the Point of Purchase. You may also download the software from our website www.mobicop.com

2. Register

- Name
- Date of Birth
- Scratch Code
- Country

After completing your registration, you should receive a confirmation message that the application has been successfully registered.

For assistance please visit
www.mobicop.com
International Helpdesk: +971 2 681 2168
800-MOBICOP* (800-6624267)
*number valid in UAE only.

3. Customize your Mobicop

Your default Mobicop password is now **1234**. To call up Mobicop, press **#*1234** on your phone

GO TO: PROTECT SETTINGS

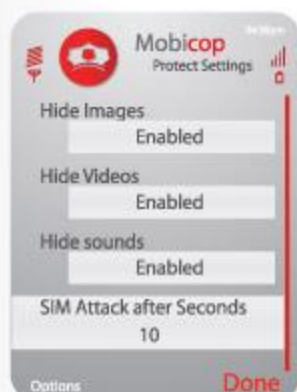

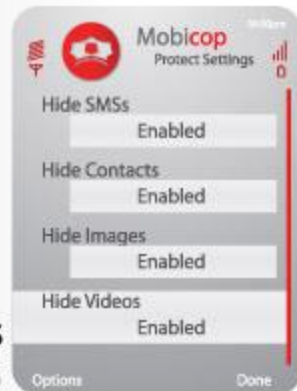

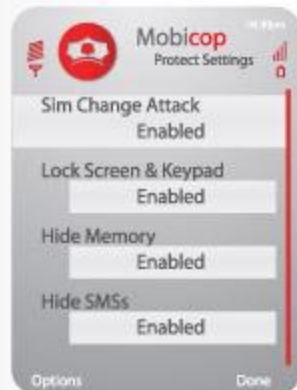

Enable SIM Change Attack

Enable Screen & Keypad Lock

Enable Hide Memory Card

Enable Hide Contacts

Choose number of seconds before ATTACK activates due to unauthorised SIM change

Select **DONE** →

GO TO: CONTROL SETTINGS

Enable Send Cell Info

Choose how often to receive Cell Info if your phone is stolen (recommended: 30min)

Choose if you want siren to go off when ATTACK mode is activated

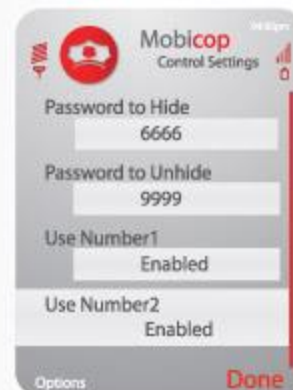

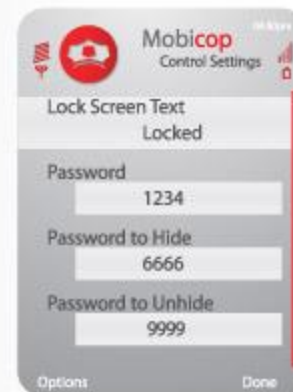

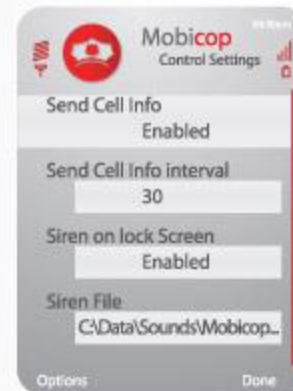

Choose your siren file (otherwise use default siren)

CHANGE YOUR PASSWORDS

- Your Mobicop Password
- Your Password to HIDE
- Your Password to UNHIDE

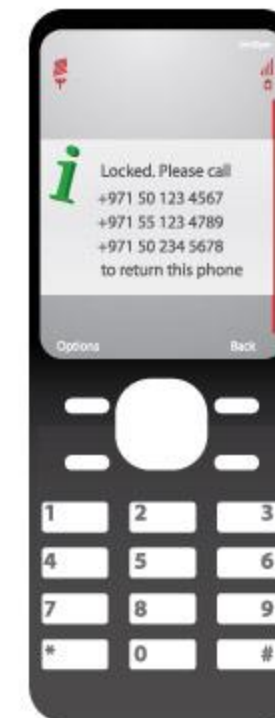

ENABLE YOUR SECONDARY NUMBERS

- Enable Use Number 1
- Enable Use Number 2
- Enable Use Number 3

Select **DONE** →

Modify the Lock Screen Text (that appears when phone is stolen) for example:

GO TO: MONITOR SETTINGS

Enter in your trusted secondary phone numbers that Mobicop can notify by SMS in case your phone is stolen.
